2020 Pollinator Festival Student Art Exhibition

New in 2020, Lehigh Gap Nature Center (LGNC) is hosting a Student Art Exhibition during our Pollinator Festival!

This year, the theme of our Festival will be "Our Beautiful Pollinators — Butterflies and Moths," and our focus will be on butterflies, moths, and caterpillars. As part of the Festival, we are encouraging middle and high school art students to participate by sharing their concept of what the essence of a butterfly is.

There will be no judging – the awards will all be People’s Choice Awards with at least three prizes.
